Supplied Digital Artwork Specifications:

LOGOS:

Must be supplied as Vector format. All Fonts converted to outlines/paths. If fonts are required please supply Printer fonts and Screen fonts.

Software supported: Adobe Illustrator, CorelDraw and EPS files.

IMAGES:

Must be supplied as minimum 300dpi at finished size.

Please supply as CMYK colour.

We do not accept Small size/High resolution images.

File Formats Supported: .jpg, .psd, .tif

Please supply a screen PDF of your finished artwork to assist in colour reproduction and quality assurance for final production.

Please supply the PMS colour if specific colours are to be matched.

Due to limitations in the printing process, Summer Signs will not be responsible for colour variations arising. We will make every effort to colour match to your specifications, but please be aware some colour variations may occur.

Please do not hesitate to call your representative for further information and assistance on (02) 9565 2233.
